Hi Christine,

I just wanted to let you know we have a few small changes. I highlighted them in yellow.

Here are a few of the evolving Details:

Event Acton Buxboro Community Education Post Turkey Day Trot
 Date 9:00 am on Friday, November 27th
 9:00 am start time for serious runners
 9:10 am for less serious runners and families

Location High School

Route We have to get final sign off from Detective Cowan one of his favorite routes we just could not shorten to a 5K so we need to go with another one that we talked to him that he liked but feels we need three police officers the other route would have only need two officers.

The route would start and end in the Parker Damon Building parking lot and would include a small part of Indian Village.

<http://www.mapmyrun.com/route/us/ma/acton/206124957634497975>

Registration \$15 per person
 \$30 per family

Donation Thinking of asking for a food item per participant

Proceeds Acton Food Pantry

I hope you have a great weekend.

It is an annual event so rather than deal with a conflict every year it was decided to do it on Friday. There are occasions when Westford needs help with the details during games just as we ask them to provide officers to us during games.

So let me understand this, they have now changed the race to Friday. I will put this on the agenda for August 24th for BOS action. I understood that the Football game was not in Acton this year, that aside, I need to contact Ryan B. to have his application changed to reflect the race moved to Friday (day after Thanksgiving)

Chief I had two meetings with three representatives for this event. The route that they will be using is the one that I requested, and it is as safe as reasonably possible. They would start from the H.S. lot onto Hayward Rd, Charter Rd, Arlington St, Newtown Rd, Lincoln Dr, Washington Dr, Musket Dr, Jefferson Dr and down Hayward Rd to the H.S. lot 3.1 miles. I was assured that they will have a large compliment of volunteers, and there would be a need for two detail officers. Hayward and Charter Rd, and Hayward and Jefferson Dr. They will have the race on Friday 11-27 beginning at 9AM. I advised them to speak with the owner of Marx's running shoe store on Great Rd, because he has great knowledge in running road races. The three people that I spoke with were Jennifer Korbly, Ryan Bettez, Lana Alarcon. They have been advised regarding the billing, and the amount for the detail officers. They indicated that there should be approx. 250 runners with a staggered start novice runners first, then the experienced runners. I asked them to change the race date to Friday, there was too much conflict with details officers on a holiday, and the
